**A familiar face rebuilding Alex High School Girls Basketball**

Don't be surprised if you see a familiar face on the bench this year. Danny Moore, after retiring in 2004 with 504 wins and 204 losses, is back at the helm of the Lady Longhorns High School Basketball team. After losing nine players from last year's team, Coach Moore asked this year's squad to begin rebuilding by working hard on the court. They have done so, demonstrating a strong work ethic and outstanding hustle.

"With no starters returning from last year," Moore said, "every girl will have to step up to make this season successful. Sicknes has hurt our practice time this year. We have had only a few days in the gym when all the girls have been in practice. Despite this, the team has come a long ways since the first of the year."

Fundamentals are the main focus at Lady Longhorns practices. Coach Moore looks forward to developing another successful girls basketball program.

Seniors Michah Witcher, Mattie Hiten and Laurie Watson start against Minco during Basketball Senior Night on 02-05-10.
